New Membership Benefits

With your support, our membership has grown to nearly 14,000 member households-thank you!

Your membership is important to us and we strive to invest in you in meaningful ways. The results of the annual survey showed that you wanted more opportunities to connect with the Gardens' and our mission.

We listened and, for the first time in six years, we are adding new membership benefits!

In addition to the numerous benefits currently offered, each membership level will be invited to a **Members-only preview of select exhibitions before they open to the general public.**

We will continue to **offer a Member's Day plant sale** as well as **a new month-long sale in the Gardens' shop exclusively for members during November.**

As membership has grown to 14,000 member households-which is 30,000+ individuals, our ability to cultivate additional plants to give away as free plants on Member's Day has proven to be unsustainable; therefore, we will no longer issue free plants on Member's Day.

Please mark your calendars for **Member's Day on Saturday, November 2, 2019** and be on the lookout for invitations to the members-only previews and the gift shop sale!

Thank you for being a Selby Gardens' member and we hope to see you in the Gardens soon!

If you have any questions, please contact membership@selby.org.
